# ABOUT US

Skyworth Group was founded in 1988, became list company in HK from 2000 with code: H00751.HK. It is a globally competitive leader in smart home appliances and information technology with more than 36,000 employees.

Four major industries: multimedia, smart appliances, smart system technology and modern services.

Products include: smart TV, intelligent control terminal products, refrigerators, air conditioners, washing machines, display devices, security monitoring systems, TV operating systems, etc.

Shenzhen Skyworth electronic appliance was founded in 2010, With independent research and development team and production factory, the construction of 10,000 square meters of modern factory, can annual output of intelligent control terminal products 3 million units, is the intelligent terminal integrated solution provider.

Through continuous enhancement of product innovation capabilities, flexible customization capabilities, to provide research, production, supply and marketing integrated services.

Adopt Rockchip, MTK, UNISOC industry mainstream SOC solutions, focusing on providing high-quality product customization services for industry customers.

Focusing on consumer entertainment, new retail, AIOT, three defense military, education and learning terminal, intelligent cloud photo frame, projection, baby monitor and other fields, can provide customers with a full range of product customized solutions.
